Tank-led U.S. counter-attack wins heights near Chinju ENEMY HEAVY LOSSES

Tokyo, August 2. America's first tank-led counter-attack of the Korean war won a chain of strategic heights near the South coast today and checked the Communist push on Pusan less than 50 miles to the East.

Supported by Sherman medium tanks, troops of the United States 24th Division launched a two-pronged attack just East of Chinju. One carried 12 hills seven miles North East of the town. The other bogged down some five miles to the East and those GI's were threaten----ed-with-encirclement.

The North Koreans hammered away in their all-out push on Pusan as the vanguard of the United States First Marine Division went ashore at a South Korean port. They were in full battle kit and ready to swarm into the big battle which has been going on since last week.

MENZIES PROMISES:

QUICK DESPATCH OF AUSTRALIAN TROOPS

Washington, August 1. The Australian Prime Minister, Robert Menzies, told an applauding House of Representatives here today that the Australian Government will organise within as few weeks as possible sufficient ground forces to make up a first class combat group for Korean duty.

Australian and possibly New Zealand troops would be despatched to Korea as guickly as it was possible to organise them, he said.

Maintenance of jet liners:

The case and simplicity of routine maintenance engines of the de Havilland Comet.

The makers have described the operation of the four Ghost engines in their first 300 hours flying in the Comet. This number of hours was flown in about 10 months (an average of. nearly one flying hour a day) much of it in winter, and included record-breaking flights around Europe as well as tropicalisation and high altitude tests in Africa.

The Generalissimo's Government is still recognised by America and, as the British Government has formally recognised the Chinese Communist Government, a difficult diplomatic situation will be created if the Communists launch their threatened invasion.

Could the invasion succeed? Militarily the island is well fortified, but the administration is weak. American naval intervention and determination to defend the island is likely to be the decisive answer.

Taiwan is about 240 miles long and 85 miles wide and its population has been awoilen by 1,000,000 refugees from the mainland and thousands of Nationalist troops to about After 50 years of Japanese rule, from 1895 to 1945, Taiwan was returned to the Chinese,

pending a peace treaty with Japan. The Chinese Nationalists took over in accordance with the war time Cairo agreement, At first they were greeted as liberators, but dissatisfaction over mainland rule flared into

the bloody Talwanese revolt of 1947 in which thousands were killed. "Beautiful island" was the name given to it by early Portuguese explorers. Today it is an overloaded political lifebont. It lies squarely between the United States bases in the Philippines and Okinawa, and its strategic value is formidable.

SPEAKS FUTURE OF SOVIET STATE

Moscow, August 1. Premier Joseph Stalin today reaffirmed his prewar view that, as long as capitalism encircled it, the Soviet State must grow stronger instead of weaker, or it will be destroyed.

Stalin's pronouncement is regarded here as one of the most important made recently in the field of the practical application of Marxism. .

Stalin's statement appeared one of the most authoritative organs of the Communist world. It followed two other recent contributions by Stalin on Marxist character and lan-

Stalin assailed doctrinaire dogmatic Marxists for holding that pany small print if this is to Marxist formulae, worked out in one particular period, are valid forever and must never change.

Referring to the classic prediction that, after the victory of the Socialist revolution, the State must wither away and disappear, DY Stalin said:

"On the basis of the state of the world situation in our time, when a Soviet-Marxist revolution occurs in only one country, and capitalism reigns in other counthen that country where the revolution triumphed must not weaken, but must do its utmost to strengthen the State, the State organs, the intelligence organs and the army, if this country does not want to be crushed by capitalist encirclement."

World language

Stalin says that after the victory of Socialism on a world scale, there will, gradually evolve one general international added. world language.

This world language, which everyone would speak, will "of course not be German, or Rus-slan, or English, but a new language employing in itself the best elements of national and zonal languages."

Wishful thinking "Pravda"

London, August 1. "Pravda's" diplomatic correspondent, M. Marinin, declared today that if America's partners sent, considerable ground forces to Korea in response to General MacArthur's request, it would "inevitably entail a deep dislocation of the entire West European economy".

America's programme at the present London conference of Deputy Foreign Ministers of the Atlantic Pact Powers aimed at switching the economy of Western Europe to a war footing and the speeding up of West German rearmament, the Soviet writer

M. Marinin, quoted by Moscow Radio, accused the United States of planning to set up a permament mission in Indo - China charged with building up troops "There is no reason to doub that these forces are intended to 'pacify' the peoples of Vietnam and other countries in South East Asin," he said,-Reuter,

Washington, August 1. The United States Senate today veted a \$100,-000,000 Export-Import Bank loan to Spain. The vote was 65 to 15.

The vote was the first official friendly gesture to General Franco's Government since the United States, acting with other members of the United Nations, withdrew its Ambassador from Madrid.

Mr. Pat McCarran (Demo-[crat-Senator) had proposed cormarking \$100,000,000 of Economic Recovery funds for Spain, but the Senate decided instead to direct the Export-Import Bank loan.

The vote came after Democratle leaders withdrew their objections in the face of appeals that Generalissimo Francisco Franco's ald was vital to the fight against

If the House agrees, the move may force a major shift in United States policy toward Spain. State Department officials were greatly surprised at the Senate's action, but declined to commont pending clarification of the exact nature of the loan proviso. The Chinese YMCA badminton stars made a clean sweep in their encounter with the Combined Universities' stars in an exhibition Badminton game played at the Chinese YMCA last night to raise funds for the Anti-TB Association, winning all five matches.

The Varsity boys appeared listless as compared with the virile YMCA players, and only one of the five games went the full distance of three games.

Lorpote L. K. Khoo, star of court, which more often than not the visiting University of beat even Low Keat-soo. Malaya, team apparently had The first Men's Doubles game not fully recovered from the effects of his influenza attack and lost to C. K. Lee in the Singles encounter after annex-

Khoo started off shakily and four players were fast, with the unaccustomed to the Young's backcourt coverage left court. He won the first three points, however, and then dropped ! the next five before he won two overhead strokes and also his retrieving of smashes and placements

Khoo was employing lobs mixed with drop-shots, but his accurate placing of the shuttle, so evident in his former games, was ! missing. Lee seemed to have the better of the smashing ex- other perfectly and they were

Changes tactics

Changing his tacties, Khou went all-out in smashes and drives to the sidelines and did not employ his backhand drops at all. He not only levelled the score at 12-all, went on to win the next three points for the first

The second game saw Lee run up a five points to two lead as crowd by his almost miraculous Khoo made mistimed smashes, retrieves. which either went wide or into the net. Khoo appeared to tire fast and did not cover the court timed smashes which went mostwith his usual agility. ly beyond the baseline.

However, by relying on place. ments with lobs and drops, Khoo managed to lead 8-5, then .11-9 and then 13-11. Needing but two points to

clinch the match. Khop found a determined opponent who made him fight for every point and the service changed hands several times.

This wore out Khoo and Lee, 15-10, 15-4. playing like a man inspired, managed to deuce the game.

Khoo elected to play straight for the game instead of deucing it to five points and Lee won the next two points after losing the service once with two welltimed smashes which found the bast-line, to force the playing of the deciding game.

The decider

After a short rest, both players took the court for the decider. but it was evident that Khoo was tired out. He did not make many altempts to retrieve shots which went inches past his racquet and Lee, playing at his best, soon ran out the game after losing only three points to win the match.

The Mixed Doubles game be-P. Wong and Miss Cheung against Low Keat-soo and Miss Y. C. Kwok resulted in an casy win for the YMCA pair, P. Wong and Miss Winnle Cheung by 15-3, 15-4,

Miss Cheung was prominent with her net interceptions and her fine smashing is the fore-

Next Saturday's August Bank Holiday fixture between SOFTBALL: Lancashire and Yorkshire at Manchester is being regarded as the "Match of the Year" by most people in the North of England.

Apart from the traditional rivalry between the Red and White Rose Counties, there 'is the additional interest that the winning side would go a long way towards becoming the Champlon County.

Notis are still at the foot of the table with only 32 points from 19 games while Essex are only just above them with 36 points from 21 matches.
